TITLE IV—GENERAL PROVISIONS

SEC. 401. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

PURPOSE OF THE LEGISLATION

The Capitol Visitor Center Act of 2008 (H.R. 5159) provides for the management and administration of the Capitol Visitor Center, provided for by H.R. 4328, FY1999 Omnibus Consolidated and Emergency Supplemental Appropriations Act (Public Law 105–277).

BILL SUMMARY

H.R. 5159 establishes a framework for the day to day operations, management and overview of the Capitol Visitor Center.

To accomplish this goal, the bill: (1) provides a legal description of the Capitol Visitor Center and its intended purposes; (2) designates the committees that shall exercise policy review and oversight over the Visitor Center; (3) establishes rules for the use of certain spaces in the Center; (4) establishes the Office of the Capitol Visitor Center within the Office of the Architect of the Capitol, transfers the Chief Executive Officer for Visitor Services to the Office of the Capitol Visitor Center, and defines the general duties and functions of the Office; (5) establishes related Visitor Center services such as the gift shop and restaurants; (6) establishes in the Treasury of the United States a revolving fund to be known as the Capitol Visitor Center Revolving Fund; (7) transfers the Capitol Guide Service to the Office of the Capitol Visitor Center; and (8) establishes the Office of Congressional Accessibility Services headed by a Director of Accessibility Services.

COMMITTEE CONSIDERATION

On Wednesday, October 17, 2007, the Committee held a hearing dealing with oversight and operational issues pertaining to the Capitol Visitor Center. The issues and organizational structure discussed at that hearing helped to form the foundation of H.R. 5159, introduced by Chairman Brady and Ranking Minority Member Ehlers on January 29, 2008. On February 12, 2008, the Committee considered H.R. 5159 and ordered it reported favorably to the House with one amendment. No recorded votes were taken during the Committee's consideration of the bill.

BACKGROUND AND NEED FOR H.R. 5159

The idea for the implementation of a centrally located facility to better manage visitors to the U.S. Capitol had been discussed since the 104th Congress. Bills were introduced in both the House (H.R. 1230) and Senate (S. 954) during the 104th Congress to authorize the implementation and construction of a Capitol Visitor Center but no action was taken on either bill.

During the 105th Congress three bills were introduced; two in the House (H.R. 20 and H.R. 4347) and one in the Senate (S. 1508). All three bills authorized the planning and construction of a Capitol Visitor Center, but none of these bills was reported out of the committees to which they were referred.

However, the 1998 entry into the Capitol by a gunman and shooting of two Capitol Police officers illustrated the security vulnerabilities of the Capitol complex. As a result, language was included in H.R. 4328, the Omnibus Consolidated and Emergency Supplemental Appropriations Act for FY1999, which provided money for the planning, design and construction of a Capitol Visitor Center.

A design and engineering obligation plan was approved by the House and Senate legislative appropriations subcommittees in November 1999 and January 2000. Design development work for the center was started on January 31, 2000, and on June 20, 2000 a ceremonial groundbreaking took place.

The Capitol Visitor Center constitutes the largest expansion to the Capitol complex since the Civil War. With the center currently scheduled to open in the fall of 2008, the Center needs an established blueprint for its internal operations and organization in order to carry out the main objectives of the Center: security, functional improvements, visitor education and comfort (1999 Revalidation Study, p.7).

CONGRESS OF THE UNITED STATES,
Washington, DC, March 30, 2007.

Mr. STEPHEN AYERS,
Acting Architect of the Capitol, The Capitol, Washington, DC.

DEAR MR. AYERS: As we move closer to the completion of the Capitol Visitor Center (CVC), operational planning has taken on great importance. Two critical issues that impact the operations of the CVC are the administration of the facility and recruiting a qualified person to manage the operations of the facility.

The bi-cameral and bi-partisan Leadership of the 110th Congress has concluded that the management of the operations and administration of the CVC, including the administration and management of its facilities and visitor services, should be carried out within the Architect of the Capitol's (AOC) organization. That conclusion is based on the condition that managing the operations and administration of the CVC shall be carried out as a separate, self-contained line of business for the AOC, independently run under the direct management of a Chief Executive Officer for Visitor Services (CEOVS), who reports to the AOC, as well as to the Committees of the House of Representatives and the Senate with responsibilities for the operation, management and funding of the CVC. Although the Architect will be responsible for the CVC, we expect the CEOVS to: conduct both long term planning and day-to-day operations; interact and be the CVC point person with leadership and oversight committees; develop and prepare the CVC budget; be responsible for the efficiency and effectiveness of the visitor experience; and be the outside spokesperson for the CVC. The annual rate of pay for the CEOVS shall be equivalent to that of the AOC's Chief Operating Officer.

To maximize the effectiveness of the visitor services component in CVC operations, we also conclude that the Capitol Guide Service be part of this independently run function, under the management of the AOC, but specifically reporting to the CEOVS.

We recognize that in order to effect these changes statutory modifications appear to be necessary. Notwithstanding the timing of such legislation, we encourage you to start planning for CVC operations under this structure and to begin recruitment for and subsequently hire a Chief Executive Officer for Visitor Services as soon as possible.

Oversight responsibility for the operations of the CVC, including the CEOVS and the Capitol Guide Service, shall rest with the Senate Rules Committee and the Committee on House Administration.

As you know, under current statutes, the Capitol Preservation Commission (CPC) and the respective Committees on Appropriations will continue their responsibilities over the CVC.

We look forward to working with you and the appropriate Committees to bring about these organizational changes; and your con-

tinued consultation, as you plan for the management, operation and opening of the CVC.

Sincerely,

HARRY REID,
Majority Leader, U.S. Senate.

NANCY PELOSI,
Speaker, U.S. House of Representatives.

MITCH MCCONNELL,
Republican Leader, U.S. Senate.

JOHN A. BOEHNER,
Republican Leader, U.S. House of Representatives.

ANALYSIS OF THE BILL (AS REPORTED)

Section 1. Short title of the Act—(the “Capitol Visitor Center Act of 2008”).

Section 101. This section provides a legal definition of the “Capitol Visitor Center.” Under this provision the Capitol Visitor Center shall be considered to be part of the United States Capitol for all provisions of law. The section lays out the purposes of the Capitol Visitor Center (1) to provide enhanced security for persons working in or visiting the Capitol; and (2) to improve the experience of Visitor to the Capitol by providing a structure that will improve visitor orientation and enhance the educational experience of visiting the Capitol. This section also repeals provisions of the National Visitor Center Facilities Act of 1968 pertaining to the availability and use of existing visitor space in the Capitol building.

Section 102. This section designates the Committee on Rules and Administration of the Senate and the Committee on House Administration of the House as the committees that shall exercise policy review and oversight of the Capitol Visitor Center.

Section 103. This section stipulates that the Senate and House expansion space are not to be treated as part of the Capitol Visitor Center for the purposes of the Act. The space assigned for the use of the Senate would be considered part of the Senate wing of the Capitol and subject to the authority and control of the Committee on Rules and Administration of the Senate. The space assigned for the use of the House would be considered part of the House wing of the Capitol and subject to the authority and control of the Speaker.

This section further provides that certain spaces in the Capitol Visitor Center be assigned for congressional use by the Chief Executive Officer for Visitor Services, under guidelines established by the Committee on House Administration and the Committee on Rules and Administration of the Senate.

The following rooms would be assigned for use in this manner: the Congressional Auditorium; the North and South Congressional Meeting Rooms (CVC268 and CVC217); the North and South Prefunction Areas (CVC268CR and CVC217CR); Lobbies CVC215 and CVC212; the North and South Cloak Rooms (CVC210 and CVC208); the Projection Room (CVC209); the Green Room

(CVC207); the TV Control Room (CVC105); and Offices CVC101, CVC102, CVC103, CVC104, CVC106, CVC204, and CVC205.

Section 111. This section establishes the Office of the Capitol Visitor Center within the Office of the Architect of the Capitol, headed by the Chief Executive Officer for Visitor Services.

Section 112. This section provides that the Chief Executive Officer shall be appointed by the Architect of the Capitol. The Chief Executive Officer reports directly to the Architect of the Capitol and is subject to policy review and oversight of the Committee on House Administration and the Committee on Rules and Administration of the Senate.

This section also stipulates that upon removal of the Chief Executive Officer, the Architect of the Capitol shall immediately notify the Committee on House Administration and the Committee on Rules and Administration of the Senate, as well as the House and Senate Appropriations Committees, stating the reasons for removal.

The Chief Executive Officer shall be paid at the annual rate equal to the Deputy Architect of the Capitol and the Chief Operating Officer of the Office of the Architect of the Capitol.

The current Chief Executive Officer for Visitor Services as of the date of enactment of the Act shall become the first Chief Executive Officer for Visitor Services appointed by the Architect under this section.

This section also includes conforming provisions that repeal existing law regarding the position, compensation, and duties of the Chief Executive Officer for Visitor Services.

Section 113. This section defines the duties of the Chief Executive Officer for Visitor Services. The Chief Executive Officer would be responsible for the operation, management, and execution of the Capitol Visitor Center, including all long-term planning and day-to-day operations. The Chief Executive Officer would also be responsible for the management of guided tours of the interior of the Capitol, as provided in Title III.

The Chief Executive Officer would prepare the proposed budget for the Office of the Capitol Visitor Center, and the proposed budget would be included without revision in the proposed budget for the year for the Office of the Architect of the Capitol. The Chief Executive Officer would exclude from a proposed budget costs attributable to the care and superintendence of the Capitol Visitor Center, as provided in Section 115 of Title I.

The Chief Executive Officer would have authority to hire personnel as may be necessary for operations of the Office. The maximum pay rate for such personnel is set at the maximum rate payable for level 15 of the General Schedule. The Chief Executive Officer would have the authority to disburse funds for the needs of the Office and to designate an employee of the Office to serve as the contracting officer.

The Chief Executive Officer shall assign office personnel to the Capitol Police upon request of the Capitol Police Board for services not directly involving law enforcement, in connection with the Presidential and Vice-Presidential Inauguration; the official reception of representatives of foreign nations; and other special or ceremonial occasions.

The Chief Executive Officer is authorized to place orders and enter into agreements with the Office of the Architect, other legislative branch agencies, and with entities of the House and Senate for procuring goods or providing assistance in the administration and management of the Office, subject to approval of the Committee on House Administration and the Committee on Rules and Administration of the Senate. The Chief Executive Officer may not enter into contracts for amounts over \$250,000 without prior approval from the supervising Committees.

The Chief Executive Officer is directed to submit a semi-annual report to the Committee on House Administration and the Committee on Rules and Administration of the Senate, which would include financial statements.

Section 114. This section authorizes the Chief Executive Officer, with the approval of the supervising Committees, to accept gifts of money on behalf of the Capitol Visitor Center. It also authorizes the Joint Committee on the Library, the United States Capitol Preservation Commission, the House of Representatives Fine Arts Board, and the Senate Commission on Art to accept any works of art, historical objects, or exhibits for display in the Capitol Visitor Center that they otherwise would have the authority to accept.

The section stipulates that the semi-annual report of the Chief Executive Officer should include a description of each gift accepted. The Chief Executive Officer is authorized to accept volunteer and uncompensated services. However, all volunteers would be required to waive all claims against the United States arising out of or connected to such services, except for claims under chapter 81 of Title 5. Volunteers would not be considered employees of the United States, except under chapter 81 of Title 5. The acceptance of volunteer services may not result in the reduction of pay or displacement of an employee of the Office.

Section 115. This section clarifies that nothing in the Act granting authority to the Chief Executive Officer would be construed as affecting the jurisdiction of the Capitol police, the Capitol Police Board, the Sergeant at Arms and Doorkeeper of the Senate, and the Sergeant at Arms of the House to provide security for the Capitol Visitor Center. At the request of the Capitol Police Board, the Chief Executive Officer shall attend meetings of the Capitol Police Board relating to the Capitol Visitor Center, and that the Chief Executive Officer shall consult with the Capitol Police Board in carrying out any activity that affects the security of the Capitol Visitor Center or any other part of the Capitol. The Chief Executive Officer is directed to develop, in coordination with the Chief of the Capitol Police, plans and procedures for conducting criminal background checks on employees and those seeking employment in the Office.

This section also stipulates that nothing in the Act granting authority to the Chief Executive Officer shall be construed as affecting the jurisdiction of the Architect of the Capitol for care and superintendence of the Capitol Visitor Center or any part of the Capitol.

The Architect of the Capitol is directed to submit a separate statement, with the annual budget for the Office of the Architect, of the costs of care and superintendence of the Capitol Visitor Center.

The Chief Executive Officer is directed to consider comments and recommendations from the Clerk of the House and the Secretary of the Senate regarding exhibits and tours.

Section 201. This section provides for the Chief Executive Officer, in consultation with the supervising Committees, to establish a gift shop within the Capitol Visitor Center, and exempt the gift shop from the prohibition on sales and signs in 40 U.S.C. § 5104(c).

Section 202. This section establishes a restaurant and other food service facilities within the Capitol Visitor Center, including catering services and vending machines. All food service operations are required to be carried out pursuant to a contract with a private vendor. Food services are exempt from the prohibition on sales and signs in 40 U.S.C. § 5104(c).

The section prohibits all events other than those for the defined purposes of the Capitol Visitor Center from being held in the central hall unless authorized by a resolution agreed to by both houses of the Congress.

Section 211. This section establishes a revolving fund in the Treasury of the United States known as the Capitol Visitor Center Revolving Fund with two individual accounts: the Gift Shop Account and the Miscellaneous Receipts Account.

Section 212. This section stipulates that all monies received by the gift shop are to be deposited in the Gift Shop Account. The Miscellaneous Receipts Account would receive all gifts of money, all net profits or commissions paid to the Capitol Visitor Center under any food service contract, any charges or fees collected under licenses or other arrangements, and any other receipts received from the operation of the Capitol Visitor Center.

Section 213. This section provides that all monies in the Gift Shop Account be available without fiscal year limitation for obligation by the Chief Executive Officer in connection with the operation of the gift shop or to reimburse any applicable appropriations account for amounts used to pay the salaries of employees of the gift shop. Any monies available after such obligations and reimbursements could be obligated by the Chief Executive Officer for the operations of the Capitol Visitor Center after consultation with the supervising Committees and the Committees on Appropriations of the House and Senate.

This section establishes that all monies in the Miscellaneous Receipts Account shall be available without fiscal year limitation for obligation by the Chief Executive Officer for the operations of the Capitol Visitor Center, after consultation with the supervising Committees and the Committees on Appropriations of the House and Senate.

Section 214. This section authorizes the Chief Executive Officer to make obligations from the Revolving Fund and directs the Secretary of the Treasury to invest any portion of the Fund that is not required to meet current expenses, as determined by the Chief Executive Officer. The section stipulates the type of investments that may be made, and directs the Secretary of the Treasury to credit interest earned to the Fund. The section also makes the fund subject to audit by the Comptroller General at his discretion.

Section 301. Section 301 transfers the contracts, liabilities, records, property, employees, and other assets and interests of the Capitol Guide Service to the Office of the Capitol Visitor Center.

The transfer of any amounts appropriated to the Guide Service that remain available at the time of the transfer would occur only upon the approval of the Committees of Appropriations of the House and Senate.

The Capitol Guide Service is subject to the direction, supervision, and control of the Chief Executive Officer. Individuals employed by the Capitol Guide Service on a permanent basis at the time of transfer would not be reduced in grade, compensation, rate of leave, or other benefits that apply with respect to the individual at the time of the transfer, other than for cause, while such individual remains continuously employed as a Capitol Guide.

Any employee of the Guide Service who is separated from service with the Office would be considered to have separated involuntarily if the employee had completed 25 years of service, or 20 years of service and is 50 years of age or older, under the provisions of sections 8336(d) and 8414(b) of title 5.

The section also provides that for Guide Service employees who have written service agreements under the student loan repayment program, such agreements will remain in effect. Certain technical conforming provisions are contained in the section. The Chief Executive Officer is prohibited from imposing a period of probation on any Guide Service employee transferred to the Office.

This section does not apply to employees, contracts, liabilities, records, property, and other assets and interests of the Congressional Special Service Office of the Capitol Guide Service that are transferred under subtitle B of this title to the Office of Congressional Accessibility Services.

Section 302. Section 302 provides for the duties of the Capitol Guide Service. The Guide Service would provide free tours of the interior of the United States Capitol, and employees of the Guide Service would be prohibited from accepting any fee or gratuity for official services. All such tours shall be conducted in compliance with regulations of the Chief Executive Officer. The Chief Executive Officer is authorized, subject to availability of appropriations, to establish and revise the number of Guides, and to appoint a Chief Guide and Deputy Guides, without regard to political affiliation and solely on the basis of fitness to perform their duties.

The Chief Executive Officer is authorized, with the approval of the supervising Committees, to prescribe the duties, responsibilities, and rates of pay of the Guides, and to take appropriate disciplinary action against any employee who violates provisions of this section or regulations prescribed by the Chief Executive Officer.

The Chief Executive Officer is authorized to prescribe a uniform dress and insignia for personnel of the Guide Service and to procure and furnish such uniforms without charge. The Chief Executive Officer may receive and consider advice and information from historical or educational organizations with regard to operations of the Guide Service that involve furnishing historical or educational information to the public.

The Chief Executive Officer, with approval of the supervising Committees, may prescribe regulations for the operations of the Guide Service.

The Chief Executive Officer is directed to coordinate the provision of accessible tours for individuals with disabilities with the Office of Congressional Accessibility Services.

Section 311. Section 311 establishes in the legislative branch the Office of Congressional Accessibility Services, which would be headed by the Director of Accessibility Services. The Office is subject to the direction, supervision, and control of the Capitol Police Board.

The Office shall provide and coordinate accessibility services for Members, employees, and Visitors to the United States Capitol Complex. The Office would also provide in consultation with the Office of House Employment Counsel and the Senate Chief Counsel for Employment, information regarding accessibility for individuals with disabilities, and related training, to Members and employees of the House and Senate.

The section provides that the Director of Accessibility Services submit to the supervising Committees within 30 days of the transfer a list of the specific functions the Office will carry out in relation to its duties. The section also stipulates that no portion of the subtitle shall be construed as to limit the authority or function of the Office of House Employment Counsel or the Senate Chief Counsel for Employment carried out prior to the transfer date.

"United States Capitol Complex" is defined as the Capitol buildings and the United States Capitol Grounds.

The establishment of the Special Services Office and related legislation found in 2 U.S.C. § 130e is repealed.

Section 312. Section 312 provides that the Director of Accessibility Services shall be appointed by the Capitol Police Board and may be removed by the Capitol Police Board upon notification of the supervising Committees. The Capitol Police Board is also authorized to set the rate of pay for the Director at no greater than the maximum rate payable for level 15 of the General Schedule.

The current head of the Congressional Special Services Office of the Capitol Guide Service as of the date of transfer is the first Director of Accessibility Services appointed by the Capitol Police Board.

The Director of Accessibility Services is authorized to appoint, hire, and fix the compensation rate of personnel necessary for the operations of the Office of Congressional Accessibility Services. No employee would be eligible to be paid at an annual rate in excess of the rate of pay for the Director.

The Director is authorized to disburse funds and serve as contracting officer for the Office. The Director may place orders and enter into agreements with the Office of the Architect, other legislative branch agencies, and with entities of the House and Senate for procuring goods or providing assistance in the administration and management of the Office, subject to approval of the Committee on House Administration and the Committee on Rules and Administration in the Senate.

The Director shall submit a semi-annual report to the Committee on House Administration and the Committee on Rules and Administration of the Senate, which would include financial statements and a description of operations, the implementation of new policies, and future plans.

Section 313. Section 313 transfers the contracts, liabilities, records, property, employees, and other assets and interests of the

Congressional Special Services Office to the Office of Congressional Accessibility Services. The transfer of any amounts appropriated to the Congressional Special Services Office that remain available at the time of the transfer would occur only upon the approval of the Committees of Appropriations of the House and Senate.

The employees of the Office of Congressional Accessibility Services shall be subject to the direction, supervision, and control of the Director of Accessibility Services. Individuals employed by the Congressional Special Services Office of the Capitol Guide Service on a permanent basis at the time of transfer may not be reduced in grade, compensation, rate of leave, or other benefits that apply with respect to the individual at the time of the transfer, other than for cause, and while such individual remains continuously employed.

Employees of the Guide Service who are separated from service with the Office would be considered to have separated involuntarily if they had completed 25 years of service, or 20 years of service and are 50 years of age or older, under the provisions of sections 8336(d) and 8414(b) of title 5. The Director of Accessibility Services may not impose a period of probation on any employee transferred to the Office from the Congressional Special Services Office.

Section 321. Section 321 repeals the existing authority of the Capitol Guide Service. This section also makes several technical conforming amendments concerning the Congressional Accountability Act and the treatment of employees of the Office of Congressional Accessibility Services as Congressional employees for retirement purposes.

Section 331. Section 331 defines the “transfer date” as the date on which the Chief Executive Officer, in consultation with the Architect of the Capitol, certifies that a certificate of occupancy for the Capitol Visitor Center has been issued.

Section 401. Section 401 authorizes to be appropriated such sums as necessary to carry out this Act.

CONSTITUTIONAL AUTHORITY

Clause 3(d)(1) of House Rule XIII requires each Committee report on a public bill or joint resolution to include a statement citing the specific constitutional power(s) granted to the Congress on which the Committee relies for enactment of the measure under consideration.

The Committee cites the legislative power broadly granted to Congress under Article I, Section 8 of the Constitution.

COMMITTEE VOTES

Clause 3(b) of House Rule XIII requires the results of each recorded vote on an amendment or motion to report, together with the names of those voting for and against, to be printed in the Committee report. No recorded votes were taken during the Committee’s consideration of H.R. 5159.

CONGRESSIONAL BUDGET OFFICE ESTIMATE

Clause 3(c)(3) of House Rule XIII requires the report of a committee on a measure which has been approved by the Committee

FEBRUARY 26, 2008.

Hon. ROBERT A. BRADY,
Chairman, Committee on House Administration,
House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 5159, the Capitol Visitor Center Act of 2008.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Deborah Reis.

Sincerely,

PETER R. ORSZAG.

Enclosure.

H.R. 5159—Capitol Visitor Center Act of 2008

Summary: H.R. 5159 would authorize the appropriation of whatever amounts are necessary to operate the new capitol visitor center (CVC) at the U.S. Capitol building. Assuming appropriation of the necessary amounts, CBO estimates that implementing the legislation would cost \$166 million over the 2009–2013 period. Enacting the bill would have no impact on revenues and no net impact on direct spending.

H.R. 5159 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would not affect the budgets of state, local, or tribal governments.

Estimated cost to the Federal Government: The estimated budgetary impact of H.R. 5159 is shown in the following table. The costs of this legislation fall within budget function 800 (general government).

	By fiscal year, in millions of dollars—					
	2008	2009	2010	2011	2012	2013
SPENDING SUBJECT TO APPROPRIATION						
Spending Under Current Law for CVC and Capitol Guide Operations:						
Budget Authority ¹	14	0	0	0	0	0
Estimated Outlays	9	5	0	0	0	0
Proposed Changes:						
Estimated Authorization Level	0	31	34	35	36	37
Estimated Outlays	0	25	33	35	36	37
CVC Spending Under H.R. 5159:						
Estimated Authorization Level/Budget Authority	14	31	34	35	36	37
Estimated Outlays	9	30	33	35	36	37

¹ The 2008 level is the amount appropriated for that year for the CVC operations and the Capitol Guide Service.

Basis of estimate: H.R. 5159 would establish an operating structure for the new CVC that would include moving the Capitol Guide Service into the center's operations and creating within it an office of accessibility from an existing part of the guide operation. The bill would authorize the CVC to operate restaurants and gift shops through revolving funds and would allow the center to retain any profits from those operations for the CVC expenses. Finally, the bill

would authorize the appropriation of whatever amounts are necessary for those purposes.

Assuming appropriation of the necessary amounts, CBO estimates that operating the CVC as required by the bill would cost \$25 million from appropriations for 2009, the center's first full year of operation. We expect that costs to maintain the center and employ about 275 guides and other workers would rise to \$37 million annually by 2013. CBO estimates that total costs over the 2009–2013 period would be \$166 million.

Beginning in 2009, the CVC also would establish appropriate revolving funds to operate commercial activities, such as gift shops and restaurants, under the authority provided in the bill. All income earned from such commercial operations would be deposited in the funds and would be available without further appropriation for those operations. Income to and spending from those revolving funds would increase offsetting receipts and direct spending, but CBO estimates that such transactions would offset each other in most years.

This estimate is based on information provided by the Architect of the Capitol (which would manage the CVC) and the Capitol Guide Service.

Intergovernmental and private-sector impact: H.R. 5159 contains no intergovernmental or private-sector mandates as defined in UMRA and would not affect the budgets of state, local, or tribal governments.

Estimate prepared by: Federal Costs: Deborah Reis; Impact on State, Local, and Tribal Governments: Elizabeth Cove; Impact on the Private Sector: Paige Piper/Bach.

Estimate approved by: Theresa Gullo, Deputy Assistant Director for Budget Analysis.

FEDERAL MANDATES

Section 423 of the CBA requires a committee report on any public bill or joint resolution that includes a federal mandate to include specific information about such mandates. The Committee states that H.R. 5159 includes no federal mandates.

PREEMPTION CLARIFICATION

Section 423 of the CBA requires a Committee report on any public bill or joint resolution to include a committee statement on the extent to which the measure is intended to preempt state or local law. The Committee states that H.R. 5159 is not intended to preempt any state or local law.

OVERSIGHT FINDINGS

Clause 3(c)(1) of rule XIII requires each Committee report to contain oversight findings and recommendations required pursuant to clause 2(b)(1) of House Rule X. The Committee has general oversight authority over the Architect of the Capitol and the United States Capitol Police.

In 1998, Congress enacted legislation (H.R. 4328, the Omnibus Consolidated and Emergency Supplemental Appropriations Act for FY1999 (Pub. L. 105–277)) appropriating money to the Architect of the Capitol for planning and construction of a Capitol Visitor Cen-

ter. In the exercise of its oversight responsibilities, the Committee finds the new proposed organizational structure and offices established by H.R. 5159, under the guidance of the Architect, as necessary to carry out the day-to-day operations and fulfillment of the goals of the Capitol Visitor Center. The Committee recommends enactment of H.R. 5159, with one amendment, in order to meet the original objectives of the Capitol Visitor Center (“* * * providing greater security for all persons working in or visiting the United States Capitol” and “enhance[ing] the educational experience of those who have come to learn about the Capitol building and Congress,” conference report to accompany H.R. 4328, 105th Cong., 2d sess., H. Rpt. 105–825, p. 590).

STATEMENT OF GENERAL PERFORMANCE GOALS AND OBJECTIVES

Clause 3(c)(4) of House Rule XIII requires committee reports to include a statement of general performance goals and objectives. The Committee believes that the organizational structure, as embodied in H.R. 5159 and recommended to the House with one amendment, will meet both goals of the Capitol Visitor Center—enhanced security and improved visitor experience as expressed by the conferees in Pub. L. 105–277.

CONGRESSIONAL “EARMARKS”

Clause 9 of House Rule XXI requires committee reports on public bills and resolutions to contain an identification of congressional “earmarks,” limited tax benefits, limited tariff benefits, and the names of requesting Members. The bill contains no such items either as introduced or as reported to the House.

CONGRESSIONAL ACCOUNTABILITY ACT APPLICABILITY

Section 102(b)(3) of the Congressional Accountability Act of 1995 (Pub. L. 104–1) (CAA) requires each report on a public bill or joint resolution relating to terms and conditions of employment or access to public services or accommodations to describe the manner in which the legislation applies to the Legislative Branch.

Currently, employment related claims raised by the Capitol Guide Service are resolved using the procedures established under the CAA. The transfer of the Capitol Guide Service to the Office of the Capitol Visitor Center will not alter the applicability of the CAA to guide service employees transferred or hired. Likewise, the creation of the Congressional Accessibility Services will fall under the Capitol Police Board which resolves employment related matters through the CAA.

CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italic, existing law in which no change is proposed is shown in roman):
